The Dinner of the Americas is the CCA-Alberta's signature biennial event. This year's gala dinner will be jointly hosted by the three Canadian Councils for the Americas to mark the occasion of the Inter-American Development Bank's (IDB) Annual General Assembly and related programs, which will take place in Calgary from March 25 to 28.

The Dinner of the Americas will cap the IDB's Private Sector Day agenda on March 25. We invite you to join us for this unique networking opportunity and gala event with IDB representatives, senior government officials from throughout Canada and the Americas, and executives from Canadian and Latin American private sector companies. (Please check the IDB's website for more information on the [agenda](#) and [registration](#) for the Private Sector Day program.)

The IDB is a key partner for Canada's strategy in Latin America and the Caribbean. It is the region's largest provider of multinational funding, having funded some \$16 billion in projects in 2009, and its lending supports developmental projects and infrastructure growth. At the height of the recent international financial crisis, Canada extended \$4 billion in temporary capital to boost the IDB's ability to meet the region's financing. Canada subsequently played a key role in securing a permanent \$70 billion capital increase to ensure the IDB's leading role in Latin American and the Caribbean will continue for many years into the future.

Further details on the Dinner of the Americas, including the event program, keynote speaker and special guests, will be announced over the coming weeks.

Registration is now open. Register early as space is limited.
